## Belfrey

Gauge is not crucial with this pattern, however it will impact the size of the eyes you choose. I find that worsted weight yarn (approx 75-100 yds each, plus at least one additional color for facial features approx. 3-5 yds), and a size F hook, gives consistent results for a 4 inch doll that pairs well with 12mm glass or safety eyes. HINT: This doll is assembled from the top down in a continuous spiral.

Make Bobble= \*YO, insert hook into stitch YO and pull up loop\* repeat\* 4 more times, YO pull loop through all stitches on hook.

Picot= SC in next stitch, ch 3, ch 1 in front loop of SC just made.

HEAD/BODY: Working in a continuous spiral

Row 1: The head starts with a magic circle, into which 6 SC are made. Pull tail to close loop on magic circle. (6 stitches)

Row 2: \*2 SC in next stitch\*, repeat\* 5 more times. (12 stitches)

Row 3: \*SC in next stitch, 2 SC in next stitch\*, repeat\* 5 more times. (18 stitches)

Row 4: \*SC in next 2 stitches, 2 SC in next stitch\*, repeat\* 5 more times. (24 stitches)

Row 5: \*SC in next 3 stitches, 2 SC in next stitch\*, repeat\* 5 more times. (30 stitches)

Row 6: Picot in next stitch, SC next 8, Picot in next stitch, SC next 20. (30 stitches)

Row 7-11: SC across. (30 stitches)

Row 12-16 (Even rows): SC across, INCR 2 evenly over row. (32,34,36 stitches)

Row 13-17 (Odd rows): SC across. After row 17, find center front of body, SC to 5 stitches before center front and Make Bobble in next 3 stitches, SC next 5 and Make Bobble in next 3. Do not count as row, continue with Row 18.

Row 18-19: SC, DCR 6 stitches evenly over each of the next 2 rows, trying not to place decreases in the same place row over row. (30,24 stitches)

Row 20: \*SC in next 2 SC, DCR\* repeat 5 more times. (18 stitches)

Row 21: \*SC in next SC, DCR\* repeat 5 more times. (12 stitches)

Row 22: \*DCR\* repeat 6 times. (6 stitches)

Bind off with a long tail, stuff body, thread tail through the remaining stitches and pull to close.

FINISHING:

Cut out 2 sets of wings from scrap fabric using diagram here. using fabric glue or stitching, attach first fabric wing set to felt square.

Trim felt to about .25" of fabric wing set. Attach second fabric wing set to reverse side of felt, using .25" border as a guide.

Using button or embroidery, attach wings to the back of your bat as show in photo. Facial features really make the personality of your doll. For the felt eye detail, trace onto your felt and cut out carefully. I prefer very small spring loaded snips for this job. If using safety eyes with posts (or glass eyes with loops), make a small slit in your eye details just large enough to fit the eye backing through. Now you can begin positioning your eyes. Once you have chosen the best position, attach firmly. With a contrasting color yarn, embroider the "T" shape as indicated (figure D), entering through the chin, and exiting in the same spot. Freckles can be added with french knots in the same contrasting color.
